

Message from Waste Pro:

**Important Notice Regarding Impacts to Solid Waste,
Recycling and Commingled Collections**

Dear Coral Springs Customer,

The COVID-19 pandemic has affected Waste Pro's workforce, disrupting service in many cities, including the City of Coral Springs. Until further notice, customers may experience temporary delays in waste collections. We are working closely with the city to communicate future delays or disruptions. Our focus is to maintain the health, safety and sanitation of our community.

We would like to thank customers for their patience and understanding during these unusual circumstances. Staff will continue to monitor the situation as they work to ensure service collections, with their primary focus on weekly garbage collections.
